

WE KNOW COUNCILS

ES2 provides Innovative Solutions for Councils

With a growing demand for digital transformation to drive efficiency through people and technical, councils are under increasing pressure to make changes to increase performance baselines and provided simplified and easy customer interactions.

ES2 help you use technology in the way it was intended, creating streamlined solutions that allow you to get on with what you do best. Drawing on our extensive partner network, system knowledge and industry benchmarking, we connect you with the right specialist and solutions (or work with current providers) for your needs.

Our Pre-Packaged Offerings for Councils

Offering	Description
Security Review & Penetration Testing	Information Security is a key consideration for any Councils with assets it needs to protect. Councils need to understand their Security posture and effectiveness of their Security controls in order to reduce risks and ensure compliance.
Digital Workplace	Microsoft SharePoint in conjunction with Office365 helps achieve levels of reliability and performance, delivering digital collaboration and teaming features and capability to simplify administration, protect communications and information, and empower users while meeting their demands for greater business mobility
Dashboard (BI)	Providing consolidated Councils information and data in the form of visually accessible live dashboards and personalised rich interactive reports anywhere, anytime and from any platform inclusive of mobile.
Security Awareness	Most Councils aren't aware of the ever changing ways that attackers can steal your information and the dangers and traps that are lurking online. Training can be provided through a number of mediums to suit your Councils needs.
Email Protection	Organisations within the government have the highest rate of infection for ransomware and currently 91% of breaches begin with an email. ES2 can assist in reviewing your in-place email controls and make recommendations to make email safer for Councils.
PCI Review	ES2, as a certified service auditor, can assist local government in reviewing their compliance to the credit card processing standard securing transactions and payments.

BENEFITS

INCIDENT RESPONSE TEAM

CHECK POINT

CYBER INCIDENT RESPONSE (24/7)

Why Cyber Incident Response (24/7)?

Cyber incidents can happen at any time, 24/7. In fact, they are often more likely to occur outside of normal working hours when an effective response is the hardest to achieve. However, a rapid response when you have been compromised is critical to minimise the impact of the incident.

Service

The ES2 24/7 Cyber Incident Response may include the following services:

- Incident analysis
- Coordination of response
- Control and contain incident
- Collect, document and preserve incident evidence
- Rapid recovery from attacks
- Post-incident report (PIR)
- Post-incident remediation and recommendations
- Coordinate release of information

REWARDS PROGRAM

As an ES2 client you build rewards just by engaging ES2. ES2 clients accumulate Rewards over the calendar year with every service engagement. ES2 clients can redeem their Rewards by making a choice from a selection of pre-packaged services delivered free and at a time of your choosing.

Engaging ES2 is now twice as rewarding.

ES2 Rewards

Engage

Receive ES2 Rewards with every ES2 services engagement.

Save

Save your ES2 Rewards to choose the pre-packaged services you need.

Redeem

Redeem your ES2 Rewards for Pre-Packaged Services that you need when you need them.

Enjoy the benefits of being an ES2 client.

Reach \$100K of ES2 service engagements to qualify and redeem one free pre-packaged service immediately or save your rewards to select more.

Every month your ES2 Account Manager will supply you with your ES2 Reward Summary.

You will be able to see how your ES2 Rewards are growing and what free pre-packaged service rewards await you.

Because your ES2 Account Manager knows your business, they can guide you toward leveraging the most out of ES2 Rewards.

Example 1: A client who has engaged ES2 for up to \$150K of services throughout the calendar year may select ONE pre-packaged services from the \$150K Engagement Category
OR

Example 2: ONE from the \$100K Engagement Category to be started at any time in the future
OR

Example 3: Wait until they reach \$200K worth of engagements and select from the \$200K Engagement Category or select services in any combination up to \$200K.
